GENITOURINARY SYSTEM

SCAN ME!

The _____ of the conduction system is known as the pacemaker.

- A. SA node
- B. AV node
- C. AV bundle
- D. left bundle branch

The _____ of the conduction system is/are located throughout the ventricular walls.

- A. AV node
- B. left bundle branch
- C. right bundle branch
- D. Purkinje fibers

The depolarization of ventricular fibers is indicated by the _____ of an ECG.

- A. P wave
- B. QRS complex
- C. T wave
- D. P-Q interval

The depolarization of atrial fibers is represented by the _____ of an ECG.

- A. P wave
- B. QRS complex
- C. T wave

The T wave corresponds to the _____ of the muscle fibers of the ventricles.

- A. repolarization
- B. depolarization

Ans
1A
2D
3B
4A
5A
